NS500 / NS700 Smart Hybrid Business Communications Platform

The Panasonic KK-NS500 Smart Hybrid PBX is a cost effective legacy and IP communication system for small and medium sized companies that can be flexibly configured and expanded according to the your needs. The KK-NS500 has advanced features and starts from 6 analogue trunks and 18 extensions, up to 288 extensions with an Expansion Unit. KK-NS500 is also a unified communication system which has rich IP features such as mobile linking, integrated voice mail and e-mail, instant messaging (chat), and presence information. It can also use built-in applications such as a call centre solution, mobile solution, and voice mail system to provide more efficient work and increased customer satisfaction.

System KK-NS500
